TRADITION & EXPERTISE

Who are Bosch?

“I have always acted according to the principle that it is better to lose money than trust. The integrity of my promises, the belief in the value of my products and in my word of honour have always had a higher priority to me than a transitory profit.”

Robert Bosch, 1921

For over 125 years, the Bosch name has been synonymous with engineering excellence. Our home appliances are renowned for their quality, reliability and performance which derives from our inherent, unflagging commitment and the painstaking thoroughness with which every unit is made. As you would expect from Bosch, there are no gimmicks or frills with our products – just pure, clean lines and beautiful, functional simplicity that will enhance any kitchen.

The values that shaped Robert Bosch's vision for his new company in 1886 are the same principles that guide the business today; never lose the trust of your customers, look after your staff and partners and change things for the better. It's what has kept Bosch at the forefront of the home appliance industry and what will keep it there in the future.

Arrange an engineer visit.

Our appliances are manufactured to the highest standards, but if you do need a visit from an engineer we are here to help. We have teams of locally based engineers around the country – employed and trained by Bosch*. This gives them unrivalled expertise and knowledge of our appliances. We repair appliances both in and out of guarantee. All repairs are analysed in advance by a technical team so that the parts likely to be needed to complete the repair are sent to the engineer's van the night before the visit.

To arrange an engineer visit to your home please call:

Introducing the Bosch oven range.

Whatever kind of cook you are, we have a range of smart and stylish built-in single or double ovens for you to choose from. Serve up vitamin-packed meals using one of our innovative added steam ovens or, if limited on space, our easy to use microwaves and compact appliances will bring style and function to any kitchen.

Serie 8

+++

With their impressive technology, elegant design and sensor-controlled programmes, our **Serie 8** ovens meet every need and more in the kitchen. The innovative control wheel provides full control over your dishes at all times.

Serie 6

++

Simple elegance meets superior technology. **Serie 6** ovens give you more than just convenient operation and maximum energy efficiency. Modern functionality means your oven is easy to use with various programmes to suit different foods.

Serie 4

+

Modern design, quality engineering and practicality. Our **Serie 4** oven range looks stunning inside and out. Easy to use functionality with a selection of cooking programmes to choose from.

Model shown: HBS534BW0B

Cooking functions explained.

4D HotAir

Place your food on any of the four shelf levels to achieve consistently perfect results: thanks to the fan wheel that changes the direction of rotation during operation to distribute heat evenly on every level.

3D HotAir

By maintaining the right temperature across all three shelf levels, consistently even cooking results are achieved.

Top and bottom heat

Conventional baking and roasting on one level.

Top/Bottom heat gentle

Conventional baking and roasting on one level using residual heat, allowing you to gently cook meat, fish and baked items.

Hotair grilling

By operating alternatively, the grill and fan create a rotisserie effect, perfect for creating crisp meats and poultry.

Bottom heat

Only the bottom element is heated – ideal for pastry cases, bain-marie cooking and reheating.

Pizza setting

Create authentic pizzas with crisp bases and moist toppings. Also great for quiches, tarts and frozen foods.

Centre Grill

Use the centre grill for smaller quantities and more efficiency.

Whichever model you choose from our Serie ranges, you'll find lots of reasons to love your Bosch oven.

Combination design.

Using the highest quality stainless steel and glass, our ovens and compact appliances combine beautifully to deliver a timeless, elegant and stylish finish to any kitchen with sleek, co-ordinated lines and matching panels.

Combination possibilities.

Create seamless lines in your kitchen with our Serie ranges by combining a single oven together with one of our compact appliances and warming drawers. For the optimum in design co-ordination, choose appliances belonging to the same Serie family to create seamless lines in your kitchen.

Energy efficient.

Everything we know about energy-saving, green technology has been integrated into our range of feature-rich, built-in ovens.

Perfectly even results, every time.

Truly perfect baking and roasting requires not only the ideal temperature, but also the appropriate heating mode. From 4D HotAir to Hotair Gentle, our ovens offer up to 15 different heating functions that deliver great results, whatever the dish.

Model shown: HBA5570S0B

Hotair Gentle

For all those times you cook using just one shelf level, Hotair Gentle gives perfect results.

Full width variable grill

Grill large quantities with ease thanks to the precise temperature control. For added efficiency the door can be closed and the smells are kept in the oven.

Defrost

Gently defrosts food evenly and quicker than it would take on the kitchen counter.

Fast heat

For those times when you need your food ready more quickly, select fast heat to warm the oven faster.

Single point probe

The single point meat probe constantly measures the temperature at the core of the roast and as soon as the desired temperature is reached gives an acoustic and switches off automatically.

Perfect Roast Meat probe

Three highly sensitive measuring points determine the core temperature of your food to the exact degree, guaranteeing perfect roasting results and taking away the guesswork.

Added Steam

Produces succulent roasts, with juicy meats and crispy skins, as well as breads with the perfect colour and crust.

Pyrolytic cleaning

Heats the oven to around 480°C, which reduces dirt and grease deposits to dust that can be easily wiped away.

Whichever model you choose from our Serie ranges, you'll find lots of reasons to love your Bosch gas hob.

Welcome to intuitive cooking.

The advanced technology built into our hobs makes cooking on gas simple and precise. Understanding how you cook means we've been able to design a FlameSelect feature that lets you fry, stew, steam and boil with confidence – without constantly checking the flame.

Gas without the guesswork.

We're taking the guesswork out of lighting and using the hob. Our innovative StepValve technology regulates the gas output precisely, so you're able to choose the size of flame. With an easy-to-use setting, all you need to do is decide which of the 9 power settings you want. At last, FlameSelect gives you the confidence to cook on gas without leaning down to check it.

Flame size based on gas setting and energy consumption

Introducing the Bosch hood range.

Offering a blend of function and form, Bosch hoods deliver quiet, effective extraction that makes the kitchen and home a more pleasant environment. Make a bold design statement, or complement a more minimalist look.

To help you choose the right hood, we have divided them into four ranges.

Serie 8 +++

With our **Serie 8** range of hoods experience automatic extraction rate control with **PerfectAir** sensor technology. Our hoods offer high quality craftsmanship combined with cutting-edge technologies to make the kitchen a more pleasant environment.

Serie 6 ++

Ultimate convenience and tasteful design make cooker hoods within our **Serie 6** range an asset to any stylish kitchen. Electronic controls give you ease of use. Experience maximum operating convenience with DirectSelect touch controls from Bosch.

Serie 4 +

As the centre of family life, the kitchen needs to have a comfortable atmosphere free of cooking steam and disruptive noise. Our **Serie 4** range of cooker hoods are extremely quiet, easy to operate and impressive with their modern design.

Serie 2

With our **Serie 2** range of hoods, you can be assured of high quality design and features that make your life easier in the kitchen, such as easy-to-use controls and dishwasher proof metal grease filters for greater convenience.
